## Local Impact

Households receive state EITC

|  | Current<br>(10% of federal EITC) | With Expansion<br>(20% of federal EITC) |
|--|----------------------------------|---|
| Average boost to working families' incomes | \$ 241                           | \$ 482                                  |
| Annual boost to local economy              | \$2.1 M                          | \$ 4.1 M                                |

## Why EITC Works

- The EITC lets low- and moderate-income working families keep more of their earnings to help pay for things that help them keep working, such as child care and transportation.
- The EITC reduces the number of children living in poverty and improves kids' chances of success as adults.
- By helping low-wage workers keep more of their incomes, the EITC increases consumer spending which then boosts local economies across the state.
